## Volunteer and Employee DBS Checks

### Section 1 - Organisation Responsibilities

An organisation is responsible for:

- Making sure a volunteer or employee is eligible for a DBS check.
- Choosing the correct level of DBS check for each volunteer or employee role.
- Ensuring that each DBS Check result is satisfactory.
- Data Recording in accordance with current regulations.
- Dealing with any unsatisfactory results (Disclosures) in line with current policies.

#### 1. Volunteer and employee Eligibility

Volunteers and employees must be eligible for a DBS Check.

#### 2. Appropriate Level of Check

It is recommended that organisations read the [Government Guidance around the Disclosure and Barring Service \(DBS\)](#) and that the correct selection is made.

**Any alterations will require a new application, which will incur additional costs.**

#### 3. Proof of Evidence

VANS will verify ID documentation.

#### 4. DBS Certificates

When the volunteer or employee presents their DBS Certificate, organisations must check this carefully to ensure that the volunteer is suitable to perform the roles they have applied for.

DBS Certificates are confidential and remain the property of the volunteer or employee. Organisations must satisfy themselves with the eligibility of the volunteer – it is not advisable to retain copies of this record.

#### 5. Data Recording

For guidance about how to record and store data in line with current Data Protection Regulations, please refer to [National Council for Voluntary Organisations – Data Protection](#)

#### 6. Disclosures

If a DBS Check shows any unsatisfactory results (Disclosures), an organisation must follow its own current Disclosure Process / Policy.

Disclosure should not automatically mean that an application for a voluntary role is rejected.
